T1 Comment

Throughout Trimester 1, Ailana demonstrated that she is an advanced learner, acquiring new skills and mastering most standards. Reading above grade level, Ailana read 7 books this trimester. Additionally, her reading notebook showed a strong understanding of the text and analysis through the use of the Book, Head, and Heart reading strategies. An area for growth in reading is reading more challenging fiction.

In the Personal Narrative writing unit, Ailana incorporated new knowledge and skills from mini-lessons, written feedback, and conferences. For her Personal Narrative, Ailana wrote about an “alien” invasion, demonstrating exceptional ability in the traits of ideas, word choice, and voice. Overall her writing exhibited creativity and skillful use of dialogue. Areas for growth in writing, though still at proficiency, include organization, sentence fluency, and conventions. Additional areas include writing clear narrative beginnings. Ailana should be proud of her learning this trimester.

Math

Learning and applying exponents in multiplication was a new concept for fifth graders, and because Ailana is interested in her own learning, listens attentively, and makes a solid effort to avoid distractions that could interrupt the learning process, she has done extraordinarily well. I am very proud of her efforts and growth.
